

Friday 27th March

Dear Parents of Beech and Elm

As we arrive at the end of our first week of home schooling we wanted to get in touch to let you know that we are thinking of you and missing the children lots. We hope your first week has gone well, your pupils have made lots of green choices ☺ and you've managed to enjoy some time in the sunshine.

For the week ahead we wanted to provide you with some additional learning materials to supplement what you already have. Please feel free to do as little or as much of this as you can as we recognise everyone's circumstances are different. Whilst doing this we are also trying to bear in mind that you are carrying these activities out at home and therefore making them as user friendly and fun as possible. It is a learning curve for all of us. Please let us know what is working well and what is less successful and we can try and adapt as we move forward!

Activities for week beginning 30th March 2020

*maths grids weeks 7-10 (these can also be adapted with your own numbers)

*White Rose daily Maths lessons (this is what we follow in class)

<https://whiterosemaths.com/homelearning/>

*First4Maths Creative at Home tasks

*Authorfy - daily writing challenges.

<https://authorfy.com/10minutechallenges/>

*Little Inventors challenge

<https://www.littleinventors.org/ideas/>

We very much appreciate that trying to work, home school your child/children, care for vulnerable family, friends and neighbours, shop, get to the chemist and so on are extremely challenging. Please know that we are here to help and support you as much as we can along this journey. We welcome emails or letters from the children or yourselves and will respond as quickly as we can.

Best Wishes

Miss Davies and Miss Weston
