

PE and sport premium for primary schools

PE and sport premium funding is based on the number of pupils in years 1 and 2. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport we offer. This means that we can use the premium to:

- develop or add to the PE and sports activities that our school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are five key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport
