Be positive. Praise your child for trying hard. Let them know it's alright to make mistakes.

Let your child look through the whole book before they start reading. Can they tell you what the book will be about?

If your child gets stuck on a particular word let them guess before you tell them.

Help them to get the first sound or try breaking the word up into smaller sections.

Leave out unknown words and read the rest of the sentence. With this extra information go back to the unknown word and have another go.

Longer books can be read over a number of days and is good practice for developing their recall skills.
